

NOD32[®] ANTIVIRUS

2014 EDITION

ENJOY SAFER TECHNOLOGY™

NOD32[®] ANTIVIRUS

Secure your digital life and enjoy safer technology protected by ESET[®] NOD32[®] Antivirus. Building on the legendary ESET NOD32, you can take advantage of our unique technology that fights off malware that purposely evades detection. Whether it's social networking, browsing the Internet or just playing, ESET NOD32 Antivirus has your security covered.

Stay a Safe Distance from Internet Threats

Enjoy safer online browsing and offline activities with a detection technology trusted by millions of users around the world. It eliminates all types of threats, including viruses, rootkits, worms, spyware and phishing attacks. Your passwords and banking details stay secure with Anti-Phishing. In addition, ESET NOD32 Antivirus keeps you a safe distance even from threats that evade detection - our Exploit Blocker technology detects and stops such attacks.

Antivirus and Antispyware	Provides proactive protection against all types of online and offline threats and prevents malware spreading to other users
Anti-Phishing	Protects your privacy and assets against attempts by fake websites to acquire sensitive information such as usernames, passwords or banking details.
Exploit Blocker <small>NEW</small>	Blocks attacks specifically designed to evade antivirus detection Eliminates lockscreens and ransomware Protects from attacks on web browsers, PDF readers and other applications
Advanced Memory Scanner <small>NEW</small>	Enables improved detection of persistent malware that employs multiple layers of encryption to conceal its activity
Cloud-powered Scanning	Speeds up scans by whitelisting safe files based on file reputation database
Scan while Downloading Files	Decreases scanning time by scanning specific file types – such as archives or iPhone updates – during the download process
Idle-state Scanning	Aids system performance by performing in-depth scan when the computer is not in use Helps detect potential inactive threats before they can cause damage
Device Control	Allows to prevent unauthorized copying of your private data to external device Allows you to block storage media - CDs, DVDs, USB sticks, and disk storage devices Lets you block devices connecting via Bluetooth, FireWire and serial/parallel ports
Host-based Intrusion Prevention System (HIPS)	Lets you customize the behavior of the system in greater detail Gives you the option to specify rules for system registry, active processes and programs to fine-tune your security posture

Enjoy the Full Power of Your Computer

Leaving more power to programs you use daily, the solution lets you play, work and browse the Internet without slowdowns. Stay unplugged and online longer with battery-saving mode and enjoy gaming without distracting pop-ups.

Small System Footprint	Maintains high performance and extends the lifetime of hardware Fits any type of system environment Saves internet bandwidth with extremely small update packages
Gamer Mode	ESET NOD32 Antivirus automatically switches to silent mode if any program is run in full-screen mode All pop-up windows, updates and other system-demanding activities are postponed to preserve system resources for gaming or other full-screen activities (video, photo gallery, presentations)
Portable Computer Support	Postpones all non-actionable pop-up windows, updates and system-demanding activities to preserve system resources so that you can focus on gaming or films

Install and Forget or Tweak Away

Delivering top protection right from the start with the default settings, ESET NOD32 Antivirus keeps you informed about potential security issues and lets you address them directly from the main screen. Sleek user interface is designed to let you easily set up all routine tasks. In addition, you can fine-tune your security profile with more than 150 detailed settings.

One-click Solution	Lets you view your protection status and access the most frequently used tools from all screens Offers comprehensive, one-click solutions to potential issues
Settings for Advanced Users	Offers in-depth security settings to fit your needs Allows you to define maximum scanning depth, scanning time, and size of the scanned files and archives and much more
After-scan Actions	Lets you choose the action after an on-demand scan completes, saving you time The available actions are: sleep, reboot or shutdown

ESET Social Media Scanner

Extend your security to Facebook and Twitter with this app. The app's Security Center informs you which of your private information is visible to public and provides direct links to tune-up your social media security profile.

On **Facebook**, it protects your timeline, messages and newsfeed and the timelines of your friends. On **Twitter**, it protects your profile and posts from those you are following.
